

LOCAL NEWS.

LIQUOR LICENSES.—As was seen in the account of the proceedings of the Corporation Court, published in yesterday's Gazette, the granting of ordinary licenses for the city, has been commenced, and will be continued on Thursday next. The tax upon each of these licenses is \$25 more than it was last year, and Judge Lowe in granting them informed those to whom they were issued that he would, as prescribed, refer the license law to the Grand Jury at the July term of the Court, and that should parties be indicted by them under its provision, and be found guilty, such parties would certainly forfeit their licenses, in addition to suffering the full penalty inflicted by the law. The law will operate here, as there is no ordinance of this city which inflicts a penalty upon liquor sellers equal to those inflicted by the State law, of which the following is a copy:

Be it enacted by the General Assembly, That no intoxicating drink shall be sold in any bar, room, restaurant, saloon, store or other place within the limits of this Commonwealth from 12 o'clock on each and every Saturday night of the week until sunrise of the succeeding Monday morning; and any person violating this act shall be deemed guilty of a misdemeanor, and if convicted, shall be punished by fine not less than ten nor more than five hundred dollars; and shall, moreover, at the discretion of the Court, forfeit his license; provided, that this law shall not apply to any city having police regulations on this subject and an ordinance inflicting a penalty equal to the penalty inflicted by this statute.

POLICE REPORT.—The following cases have been reported at police headquarters since yesterday:

James Phillips, white, and Carter Jones, colored, for fighting at the corner of Patrick and Queen streets, were fined and discharged.

Wesley Jackson, colored, for playing base ball in the streets, was fined and discharged.

James Simms, for disorderly conduct, was discharged with a reprimand.

John Coleman, hailing from Cumberland, for vagrancy, was discharged upon a promise to quit the city forthwith.

Policeman Latten, for infraction of the police regulations—third offence—was discharged from the force.

The above cases were before the Mayor's Court.

Phillip Smith, a canal boatman, for stealing a bundle of clothing from Dan Payne, a colored passenger on a canal boat, was committed to jail and put on the chain gang for ninety days by Justice May.

Peter Simpson and Lipman Gentzberger, for abusing and threatening each other were bound over to keep the peace for six months by Justice Padgett.

There were no lodgers at the station house last night.

ALEXANDRIA CANAL.—The Washington Correspondent of the Baltimore Sun of this morning says:—The lessees of the Alexandria canal having raised the rates of toll, many of the coal boats destined for that port decline to pay the increased charges, and are looked out into the Potomac, and are being towed up the river by tug-boats. In old times it was very usual for boats from the upper Potomac to come from Georgetown to Alexandria by the canal between the island where Jackson city stands and the main land, and in 1808 a company was chartered to deepen this canal and render it available for navigation. Now much of it is marsh, and the Alexandria turpentine in 1808 built an embankment across it.

THE LATE COLLISION.—The Supervising Inspector General of Steamboats has proposed to Secretary Robeson that there shall be a joint investigation into the cause of the collision on the Potomac river last Saturday between the United States steamer Gettysburg and the passenger steamer Lady of the Lake. The Navy Department has exclusive control so far as the Gettysburg is concerned, but the Bureau of Steamboat Inspection Service must inquire concerning the Lady of the Lake. Secretary Robeson has not yet determined whether there shall be a joint investigation, but will determine the question on Monday. The Gettysburg has returned to Washington from New York.

CORONER'S INQUEST.—An employee of the Cotton Factory, while taking a "short cut" to his home, early this morning, found a dead and partially decomposed male infant, colored, lying in a gully near the canal basin, between Washington and Columbus streets. With the permission of the acting coroner, Justice Padgett, it was removed to the undertaker's establishment of Mr. Wheatley, where a coroner's inquest was afterwards held upon it, and the verdict of the jury, of which Mr. A. C. Kell was foreman, was that the death of the child resulted from unknown causes. The body was that of a full grown child, who had been born alive, but who had not received the attentions of a midwife, and had been dead apparently about two days.

FARMERS' CLUB.—A Farmers' Club has just been formed at Lebanon, Fairfax county, which bids fair to be a success, as much interest in it is being manifested by the citizens of that place. At a meeting held there last night, Mr. Adam Martin was Chairman, and Mr. Geo. Auld, Secretary, and Messrs. H. S. Barnum and Wm. Lewis were appointed a committee to wait on Col. Daniels, editor of the State Journal, if in Alexandria, and procure from him the best copy of a Constitution and set of by-laws for the club. Such societies are evidences of enterprise and thrift in a community, and that success may attend the newly organized one is the hope of all.

PRESIDENTIAL VISIT TO MOUNT VERNON.—On Saturday last, Mrs. Boulogne, president of the centennial executive committee for the District of Columbia, accompanied by Miss Olive Hiley Seward, chairman for Washington; Mrs. General Emory, vice chairman; Mrs. Admiral Powell, and others, visited the White House and (as ended to the President an invitation to join them on a pilgrimage to Mount Vernon on the 20th of June. The President accepted the invitation, and promised the ladies the Marine band should accompany the excursionists.

FISH TOWNS.—There is only one booth now open at Fishtown and there are not enough people about there to make that one profitable. Two hundred shad, caught by the killers at Sandy Bar arrived there this morning and were sold to the city hucksters at \$12 a hundred. The shadmen land there are so numerous that they have become a drag, selling at from 50 cents to \$1 apiece—so cheap indeed that they are being salted and put up for winter's use.

PROPOSED IMPROVEMENT.—Mr. George H. Harlow having purchased the vacant lot adjoining on the east the Farmers' and Mechanics' Savings Banks, on Prince street, commenced, to day, the work of erecting a handsome brick residence thereon.

The steamer Arrow, on her trip to Mount Vernon this morning, carried down some of the Knights of Pythias of Baltimore, who were joined by a small delegation of the order in this city when the boat stopped here.

Since the beginning of the warm weather the travel on the street cars has perceptibly increased and their convenience and utility are more and more apparent.
